

# Chapter 2 Lab 1: Graphs in Excel

---

Use the following information to create a bar graph and circle graph in Microsoft Excel.

30 students were asked about their favorite color. 8 students said yellow, 8 students said green, 6 students said black, 5 students said blue, and 3 students said gold.

For this lab, as a class, we will walk through creating the bar graph and circle graphs. Your job will be to figure out how to include the graphs into your lab write up as images.
